

PRINCESS ARIELLE P. TUNGPALAN

Quezon City, Philippines
0976 052 8522 | princessatungpalan@gmail.com

CAREER OBJECTIVE

Detail-oriented Computer Engineering graduate with internship experience in administrative operations, technical documentation, data management, and system development. Skilled in managing client records, documentation, and hardware-based projects. Seeking an opportunity to apply both technical and organizational skills to support business operations.

SKILLS

Technical: C++, C#, Python, HTML, CSS, JavaScript, MATLAB, Arduino, ESP32, Raspberry Pi, Hardware Troubleshooting, Basic Networking

Administrative: Data Entry, Document Control, Records Management, Inventory Tracking, Microsoft Office, Digital Filing Systems, Report Preparation

Core Competencies: Attention to Detail, Problem Solving, Communication, Organization

PROJECT EXPERIENCE

National University Fairview (Capstone Project Leader) | 2023 – 2025

Design and Implementation of IoT-Based Smart Door Lock System for Enhanced Home Security Using Raspberry Pi

- Developed an automated access control system using Raspberry Pi with fingerprint, keypad, and AI-assisted authentication.
- Integrated sensors, servo motor, and solenoid lock for real-time physical control and security automation
- Conducted system debugging, performance testing, and hardware-software integration troubleshooting
- Developed a supporting web interface with AI-based features including speech-to-text functionality for system interaction and monitoring
- Produced full technical documentation, system validation reports, and test results

INTERNSHIP EXPERIENCE

JCOR Medical Equipment and Supplies Trading — Quezon City

Administrative & IT Intern | March 2025 – June 2025

- Managed documentation and client records for over 30 healthcare accounts, ensuring accuracy and completeness.
- Processed accounting documents including expenses, receipts, and cash vouchers while maintaining data integrity.
- Maintained inventory records, operational reports, and structured digital and physical filing systems.
- Assisted in preparing business and technical documentation for hospital equipment requirements.
- Performed data validation, verification, and error checking to ensure record accuracy.
- Improved workflow efficiency by organizing high-volume administrative and financial records.

EDUCATION

National University - Fairview — BS Computer Engineering | 2026

- Dean's Lister (2021 – 2023)
- Breadboarding and PCB Fabrication of Basic Electronics Circuits Facilitator (2024)
- Relevant Coursework: Embedded Systems, Microprocessors & Microcontrollers, Data Structures and Algorithms, Operating Systems, Programming Fundamentals, Computer Networks
- Certifications: MATLAB (Onramp, Fundamentals, Programming Techniques), Cisco Networking

Quezon City Science High School — STEM | With Honors | 2021

LEADERSHIP & ACTIVITIES

Association of Computer Engineering Students

Marketing Manager to the VP Marketing | 2023 – 2024

- Coordinated event documentation, materials, and internal planning

Senior Editor – Creatives Team | 2022 – 2023

- Designed visual assets and curated content for student engagement and high-quality captions for event promotions.
